Dear Parents:

I would like to take this opportunity to introduce you to the athletic training services we provide to the student athletes at Chagrin Falls High School.

I will be serving as the athletic trainer at Chagrin Falls High School. As a nationally certified and Ohio-licensed athletic trainer, I am educated and skilled in the services of injury prevention, injury recognition and evaluation, and orthopaedic rehabilitation. I will be available to evaluate and treat injured athletes as well as provide injury prevention information. In addition to my services we are fortunate to have Dr. Mark Schickendantz, Orthopaedic Surgeon, from the Cleveland Clinic as team physician, with the help of orthopaedic resident doctors. These physicians treat athletes at their offices and are also present at many Chagrin Falls High School athletic events.

It is also important to understand that not all injuries can be treated in the high school training room. If an injured athlete requires additional medical attention, Cleveland Clinic Sports Health can provide priority scheduling with one of our sports medicine physicians.

If you need to speak with me, I can be reached at ae_algier@yahoo.com or via my cell phone (in case of emergencies) at (440)364-9406.

I am looking forward to the upcoming school year and wish the best of luck and safety to your son/daughter in their sports season.

Sincerely,

Anne Marenkovic, ATC
