

ATTENTION DANCERS!

The Bloomfield Hills High School Dance Team program is made up of an elite group of athletes who are dancers, spirit leaders, and brand ambassadors for their school and community. Their mission is to lead the student body with high-energy performances and enthusiasm to support athletic events. In addition, their goal is to shine a light on community projects dedicated to make a positive difference in the lives of others.

Please join us as we continue to build a legacy dance program as we kick-off our audition season with an informational meeting and pre-audition clinic. Register for the clinics to learn about what it takes to be an athlete and spirit leader in the dance team program. Learn dance/pom technique and skills, choreography, audition tips, teambuilding expectations, and much more. Dancers, cheerleaders, gymnasts, and athletes are welcome to audition.
