This calendar is a working document to help our teams plan throughout the year. I do my best to follow this schedule and send notifications when there are changes via Band app and our Facebook page.

Note(s):

- Tumbling dates will be added to 1 practice per week in summer/fall.
- As competition dates and basketball games are scheduled for the fall and winter season those dates and times will be adjusted accordingly.
- Those on the winter team should not miss learning of competition time. When signing up for studio dance be sure your classes will not conflict.
