Flag Football 6th, 7th,8th Boys- 4pm to 6pm 8/14/24, 8/15/24 and 8/19/24.

In order to make the team you must be at the tryouts. This is very important so that the coaches can see the character of the teams and how each athlete works with each other. Because of the number of teams we will have on the field and in the gym it will be necessary to cut players from the team if they do not make the final squad. We unfortunately do not have enough gym space or coaches to add more teams, and want to give the athletes that make the team adequate playing time. At the end of tryouts the coaches will be giving each player a sealed envelope as to the outcome of the tryout. This letter will inform the athlete as to whether or not they made the team, and which team they made.
