This year, we cannot play two round robin pools to feed into place games. Due to low numbers this season, one of the teams had to back out. Thus, we will be using the following game structure to declare a winner. This will give all teams the most possible number of games with the days given. Losers on Day 1 and O'Fallon will only play 3 games, Winners on Day 1 will play 4 games.

### Monday, September 23<sup>rd</sup>
