

Below is the attendance for weight training sessions through March 13, 2018. Athletes sign-in to a Google Form that timestamps their submission. They must use their FCPS account to do so. Their FCPS account is also logged. They type their names and select their graduating class and the session ("Charger Time", "After School", or "Personal Fitness") from a dropdown menu. Failure to sign-in leads to a missed workout. The list below is comprised of athlete submissions.

Athletes Enrolled in Personal Fitness

Personal Fitness students meet every other day for class, therefore, those athletes do not need to worry about attending additional workouts. If working with proper intensity, "Pfit" is all these athletes need to attend. In fact, as long as they didn't miss a class, Pfit enrolled athletes ***are encouraged to do other things with their time!!!!***

Many of these young men elect to attend Charger Time and/or After School sessions to supplement workouts and encourage camaraderie among teammates. These young men are often coming to simply support and be a part of the team. Being with teammates is extremely important to foster competition, trust, and buy-in.

Every workout attended earns 1 point in the off-season reward system (up to 86 points possible for the 86 days). Athletes who are enrolled in PFit *and* lift with ***proper intensity*** will be rewarded with up to ***100 points*** . Athletes do not earn points for both PFit and CT/After School.
