

# Welcome to Baldwin Athletics!

We are excited that you've joined the Highlander athletics family!

The Baldwin Athletic Trainers (ATCs) are our certified and licensed athletic health care professionals. They will ensure our athletes have the **paperwork** and **concussion baseline testing** necessary to participate in Baldwin athletics as well as providing medical care to our injured athletes.

During fall and spring sports, your ATCs can be found in the Stadium athletic training room (ATR). In the winter, they move into the High School ATR. The stadium ATR is down the inner stadium stairs and to the left once you get to the bottom. The high school ATR can be found up the stairs closest to the main gym (down the hallway with the large windows), to across the hall from the pool deck, first door on your right at the top of the stairs

To get started, you will need to register for Healthy Roster. This is how you will access your physical packet which can be filled out digitally. To do this you will need a link for the athletic registration form. Once your form is filled out, our athletic trainers will be sending the parent email, listed in the registration, a link and code to create their Healthy Roster account.

**To access the athletic registration link and Healthy Roster instructions, please contact your athletic trainers!**
