Warm-ups: Teams will split half of the field on the end where their first scrimmage is held to warm up.

Field Information: Field surface is turf. Please do not bring food, drink, gum or sunflower seeds onto the field. Water is acceptable and there is a water hose to fill coolers by the 10th street entrance gate.

Bus Parking: Please unload the bus off of the 10th street loading dock near the high school. Once the bus is unloaded please have them park in the upper lot of the high school parking lot.

Spectator Seating: There is seating on the west side of the field for spectators.

Concessions: A concession stand will be available.

Press Box Space: Press box space will be available for filming. We also have additional space in our soccer press box. There should be enough electrical outlets to accommodate everybody, but I would recommend bringing batteries and extension cords for cameras and computers. Please be mindful that 4 teams will be using the available space. We will not reserve for parents to film or press on this evening.

Training Services: The same medical personnel we use for games will be on hand to treat any injuries during the scrimmage. They will arrive around 5:00 p.m.
