Hatters Basketball Team Mission Statement

The Hatters basketball program mission is to provide student athletes with a positive team experience. Each athlete must be a student in the classroom first and then a student on the court. Each student athlete will be expected to demonstrate leadership, respect, teamwork, diversity, fundamental skills, hard work, goal setting and be able to perform at an intense level at all times. The student-athlete will be expected to participate in community outreaches, fundraisers, and camps.

Communications

Player/Coach – All communications should be directly between the coach and the players. It is the player's responsibility to communicate to the coaches' in-season and off-season.

I will communicate to players using remind101. The players are expected to contact me via email, text or phone.

Hatters Basketball uses teamapp.com Smartphone App. It'll keep you up-to-date with your team's news, events and much more.

If you don't have a smartphone, reply to this email so you can be added manually and you'll receive email notifications.

Parent/Coach – We have an open door policy. Parents can contact the coach for a formal meeting with the coach. Conversations will be to discuss your concerns regarding your child only and not any other players. Please contact me via email or voicemail for the meeting. Please refrain from approaching a coach before or after a game. Email communications for general questions are accepted.

I do send out email communications to parents on the team 12 months per year. So please check your email on a weekly basis for updates on the team activities.
