## Season highlights

### 2020

Dear Players:

The 2020 season will certainly be one to remember. We started 2020 strong with goals and strong motivation to be better than ever, and then the unexpected happened. We exited school in early spring with many uncertainties about the future of our health and our football season. Forced to begin meeting online and working out on your own with what you were able to put together was truly a challenge. As a few months clicked by we began to clearly understand that adaptability was going to be a necessary way of life for a while. Owning the mantra "Tough people win" was put to the test early and often. Let's put this into perspective. We were faced with a worldwide virus that crippled everything from education, employment, to social interactions and more. For our team, it crippled training and skill development, with the high school under major construction and off limits during the summer. We had no weight facility or locker room. In June our school board approved for us to begin working out at Comet Fields. Many new restrictions and guidelines were strictly enforced and things were vastly different than in the past. However, as a team we adapted.

The first time we got together in person to work out was awesome. Enthusiasm and excitement was truly evident. I witnessed a lot of selfless attitudes with everyone working to win the ring. This team immediately adapted to different circumstances and just got to work with a purpose. Constant improvement was our daily mindset and steady improvement was beginning to happen. There was still a lot of uncertainty heading into the start of the season. The opening game was delayed and schedules were shuffled. At this point getting six games in would be an amazing feat.

As we approached our opening week, developing team toughness was necessary because we faced a very competitive schedule. I am proud of how each player on this team pushed their teammates to make the team better. This is leadership. Making those around you better and more productive is a selfless act of leadership. With a focus and vision, we worked day by day controlling what we had control over, which was preparing for our weekly opponent. The 2020 Comet Football team was confident to line up and play anyone and do it with great enthusiasm and effort. Getting knocked down and getting back up to do it again better with more precision and intensity is what life is all about, and what 2020 is all about. This is tough people driven to succeed. Game victories were tough to come by but opportunities certainly were present.

We were very fortunate to be able to play eight games, and winning two of our last three was a thrilling experience. I will remember the 2020 Comets, especially the seniors, as people who possessed incredible competitive greatness. This group enjoyed the challenge even when things were difficult. Competitors love challenges, even difficult ones. Let's face it - anyone can perform an ordinary task. But this year's team accepted the supreme challenge of pushing toward competitive greatness every Friday night as players were offered a chance to produce their best. This group of seniors were the finest at this and will be better people in the future as a result of this experience.

I want to thank all the players for their commitment, courage, passion and work ethic this past season, truly a season that will always be remembered.

# Seniors 2020

Dear Penn Manor Players & Families:

Coach Brubaker and I end with another thank you for the season. We want to say thank for all the support the team received from the booster club, the parents, the school officials, the businesses that made donations and sponsorships, and the community. We received a grant from the NFL and the school which aided in many expenses. The Senior jerseys were also donated by an wonderful anonymous sponsor. Thank you to everyone for your support.

A very special thank you to Kyle Nazarchuk of KN photography. Most of the action shots contained in this booklet are to the credit of Kyle. Kyle was an a member of our team who attended practices and games to capture photos and provided a private website link to kids and families so they could see their son's playing football. He did a wonderful job capturing many moments in time. Remember Kyle has offered his photos at no cost and only ask that you give him photo credit if posting on social media. Remember to check out his website at [Knphotograph.net](http://Knphotograph.net) to access the video slide show presentations that Kyle also prepared. Great Job Kyle and THANK YOU.

One list note, as I finished this program, I tried to include many details. If I missed anything or made a miss spelling, I do apologize. I too very much enjoyed the opportunity to attend each game and take photos of the team. Each year is special for its own reasons. This year will never be forgotten. Thank you once again to everyone.

Janna and John Brubaker
