Badger Intensive Team Camp Limit 20 teams

DATE: Wednesday, June 22 – Saturday, June 25
GRADES: 7-12
COST: \$360/\$280 (Commuter)

The Badger Intensive Team Camp offers the opportunity for individuals to develop and improve their skills within a competitive atmosphere, and will offer coaches the opportunity to bring their wrestlers together in the summer to build as a group. Coaches will be able to see where their team stands among other programs, while also determining what skills need to be improved before next season. Current Wisconsin wrestlers will assist in evaluating and mentoring your team, while the Badger coaching staff hosts separate sessions for all attending coaches focused on team philosophy and program building.

Unique to the Badger Team Camp is the Intensive approach. In-camp sessions will consist of dual matches, along with scrimmages between all teams in attendance. All sessions will focus on aspects of team building and overall development for the coming year! Dual matches between teams will be important for the team-building aspect of the camp and the scrimmages will help developmentally for the coming year. With this in mind, each athlete will receive plenty of competitive time on the mat in order to benefit from camp as much as possible! The Badger Intensive Team Camp will also provide team developmental opportunities through competitive, off the mat training. Teams will participate in activities that involve strength, speed, conditioning, skill, and strategy. Camp awards will be given out to the teams with the best results! Overall, our plan is to assist you in developing your wrestlers through competitive activities both on and off the mat. Please note that this is not a conditioning camp! However, your wrestlers will be physically challenged during the duration of camp with minimal downtime.

All teams in attendance will at least have one session in the University of Wisconsin Wrestling room. Housing for all teams will be at Cole Hall, along with dining provided by Four Lakes Market located within Dejope Hall. We are confident in saying that the variety and quality of the food served is as good or better than any camp you have previously attended! Commuter campers will be provided with lunch and dinner. This camp is open to any and all entrants entering grades 7-12.

In addition to the structured sessions, there will be time allocated for campers to select an area where they would like to improve within wrestling. This additional instruction will be led by current University of Wisconsin wrestlers that will serve as camp counselors during the duration of camp. Drilling technique and live wrestling will also be a part of the development and learning process for each camper in attendance.

Housing for all campers will be at Kronshage Hall, along with dining provided by Four Lakes Market located within Dejope Hall.
