### Tid-Bits

1922-23: First season a competitive team was fielded in Track & Field for Boys.

1930-31 per the yearbook:

"Coach Dayton's efforts to stimulate interest in track were very successful. It has been several years since a Sanger team has competed in a track meet . . ."

1941-42 per the yearbook:

"In keeping with the war effort . . . The major track meets were held by the individual schools on their home field and the results mailed to a central point. Here they were compiled and the results obtained. The results were then mailed back to the school, where they were posted."

1972: Sanger was first Valley high school to use metric system at meets.

circa 1977: Hand Time was the standard until Auto Time began.

To compare results of the different eras:

add .24 to Hand Time for 100, 200, 110HH & 300IH

add .14 to Hand Time for 400, 800, 1600, 3200, 400 relays & 1600 relays

**2020: Season cancelled due to the Covid-19 Pandemic**

Coach Dave Dodson's 49 years as Head Coach began in Cross Country (1964-65) and Track & Field (1965-66).
