

2024 – 2025 School Year

WMS PIAA Paperwork Checklist

In order for your student to be eligible to participate in athletics, all items on this list must be completed and submitted to the athletic office by the deadlines listed below.

STUDENT NAME: _____ GRADE: _____

Checklist Items	Parent Check	Office Check
WMS Eligibility Form Parent signature Student signature		
PIAA Section 1 – Personal & Emergency Information TWO Emergency contacts, clearly written		
PIAA Section 2 – Certification of Parent/Guardian Six Parent signatures in Parts A – F		
PIAA Section 3 – Understanding of Concussion and Traumatic Brain Injury Parent signature Student signature		
PIAA Section 4 – Cardiac Arrest Symptoms & Warning Signs Parent signature Student signature		
PIAA Section 5 – Health History YES or NO answers to questions 1 - 50 Parent signature Student signature		
PIAA Section 6 - PIAA Physical exam by MD, DO, PAC, CRNP or SNP Exam performed AFTER June 1, 2024 Examiner's signature, license number and address on form		
For official use only: <div style="text-align: right; margin-right: 50px;">Nurse Reviewed</div>	Date:	

Wissahickon Middle School deadlines to submit PIAA paperwork:

All Fall Sports	September 6, 2024
Girls' Basketball	October 14, 2024
Boys' Basketball & Wrestling	December 2, 2024
All Spring Sports	March 3, 2025

Paperwork turned in after these deadlines will delay a student's eligibility to tryout, begin practicing, AND playing.

**Athletic Eligibility Record
WISSAHICKON MIDDLE SCHOOL
Ambler, PA 19002**

A. TO BE COMPLETED BY STUDENT: Sport: _____ Year: _____

Name _____ Grade: _____

Address _____ Date of Birth _____ Age _____

_____ Home Phone _____

Parent/Guardian Phone # _____ # _____

Circle any grades you have repeated 7 8

Name and location of school last attended if you transferred here _____

Date of transfer to Wissahickon School District _____

Circle those grades in which you played this sport in school: In Wissahickon School District 7 8
 In another school district 7 8

My signature indicates that I have read, I understand, and I pledge to abide by the conditions set forth in the "WMS Co-Curricular Activities Code of Conduct" printed on the reverse side of the sheet.

Student Signature _____ Date _____

B. TO BE READ AND COMPLETED BY PARENT/GUARDIAN:

The Wissahickon School District does not carry medical, dental, or other insurance coverage on students. Under Pennsylvania law (Political Subdivision Tort Claims Act) the school district is, in most cases, exempt from liability for injuries to students. Therefore, all medical expenses incurred by any student as a result of injuries arising from participation in any sport or other activity are the responsibility of that student's parents or guardians.

Parents should have either adequate hospitalization coverage or should purchase the district's designated voluntary student accident insurance. An information/application brochure for this voluntary insurance plan is distributed to all students early in the school year. If you did not receive a brochure, you may obtain one from the school nurse or the district central office 215-619-8000.

By signing below:

- 1) I confirm that I have read the above insurance information and understand that I am totally responsible for all expenses for any injuries to my child.
- 2) I give permission that, in the event of an injury or accident, my child may be taken to the nearest doctor or hospital and given emergency treatment.
- 3) I confirm that I have read the "WMS-Co-Curricular Activities Code of Conduct" printed on the reverse side of this sheet. I understand what is expected of the student for participation in co-curricular activities at WMS.
- 4) I hereby grant permission for my child to participate for this school year in the sport shown in Section A above, in accordance with the above agreements with the eligibility rules established by the Pennsylvania Interscholastic Athletic Association.

Insurance Information: Name of Insured _____ Employer _____

Insurance Company _____ Policy/Group # _____

Check one of the following: My son or daughter does not have asthma.
 My son or daughter does have asthma. I understand that he or she must have his or her inhaler at every practice and every game, meet, or match or he or she may not participate.

Parent's Signature _____ Date _____

STUDENTS WILL NOT BE ELIGIBLE TO START PRACTICE UNTIL THIS FORM (BOTH SECTIONS) AND THE PIAA PHYSICAL EVALUATION FORM HAVE BEEN COMPLETED AND SUBMITTED TO THE OFFICE

WSD Athletics Program Mission Statement

The Wissahickon Athletics Program, as an integral part of our students' educational experience, is committed to excellence in athletics and is designed for students to reach their highest potential on and off the field. By fostering a sense of spirit and pride within students, staff, alumni and the community, the athletic experience at Wissahickon seeks to instill in each participant a life-long appreciation for diversity, teamwork, perseverance, and excellence. With the support of highly knowledgeable coaches who are dedicated to the physical and emotional well-being of our student-athletes, the program embraces good sportsmanship, ethics, character, and accountability, and is committed to "Building a Community of Champions" who are prepared to excel, contribute, and lead.

Wissahickon Middle School Co-Curricular Activities Code of Conduct

The purpose of this policy is to support the many efforts and programs of the Wissahickon School District, to establish and maintain a healthy and safe environment in which students, staff and community members live, learn, and grow.

The Wissahickon Middle School believes it is important to maintain a co-curricular program to enhance the regular curricular program. Participation in these co-curricular activities is a privilege which students earn through appropriate behavior, conduct, and attitudes. Consistent with our District's philosophy, the guidelines and regulations contained herein present responsibilities to which students must adhere to participate in the co-curricular program at WMS.

While this policy encompasses student responsibilities related to school attendance, academic progress, and overall behavior, we are also most concerned with the involvement of our young people with drugs and alcohol. As stated in the Wissahickon School District Drug and Alcohol Policy "use, consumption, manufacture, sale, or delivery, holding, offering for sale, possession of, or being under the influence of alcohol, controlled substances, or other drugs in any form without proper medical prescription is prohibited on school property and at all school-sponsored activities. Students in violation of this policy will be subject to discipline pursuant to the WSD discipline code."

Students are representatives of the school community 24 hours a day. Any participant in a school activity who is found to be in violation of the same conditions of this policy away from school and in the community may be suspended from participation in activities for a minimum of the remainder of that current activity session. In the case of "year-long" activities, the length of the suspension will be determined by the Athletic Review Board.

All students are responsible to become familiar with the school policies and procedures related to our total school program. Specifically, students involved in our co-curricular activities program must adhere to the Co-Curricular Activities Rules and Regulations presented in the WMS Parent/Student Handbook, including as related to Eligibility and Scholarship, Attendance and Eligibility, Conduct and Discipline, and Other Requirements.

We hope that all the persons in our school community will be supportive in helping to establish a positive, meaningful, and healthy and safe atmosphere for all students and families. Students involved in co-curricular activities and benefiting from their privileges should be committed to the same sense of purpose.

The student understands that participation in the Wissahickon Middle School Co-Curricular Activities program is a privilege. As a participant of that co-curricular program, he/she agrees to uphold the standards established by the school and team/activity.

The student agrees to become familiar with and adhere to student requirements and responsibilities as set forth in the Parent/Student Handbook Manual, the Wissahickon School District Discipline Code, and by the coaches and activity sponsors. The student understands that a violation of any of these rules subjects him/her to discipline which may include suspension from the team/activity.

**PIAA COMPREHENSIVE INITIAL
PRE-PARTICIPATION PHYSICAL EVALUATION**

INITIAL EVALUATION: Prior to any student participating in Practices, Inter-School Practices, Scrimmages, and/or Contests, at any PIAA member school in any school year, the student is required to (1) complete a Comprehensive Initial Pre-Participation Physical Evaluation (CIPPE); and (2) have the appropriate person(s) complete the first six Sections of the CIPPE Form. Upon completion of Sections 1 and 2 by the parent/guardian; Sections 3, 4, and 5 by the student and parent/guardian; and Section 6 by an Authorized Medical Examiner (AME), those Sections must be turned in to the Principal, or the Principal's designee, of the student's school for retention by the school. The CIPPE may not be authorized earlier than June 1st and shall be effective, regardless of when performed during a school year, until the latter of the next May 31st or the conclusion of the spring sports season.

SUBSEQUENT SPORT(S) IN THE SAME SCHOOL YEAR: Following completion of a CIPPE, the same student seeking to participate in Practices, Inter-School Practices, Scrimmages, and/or Contests in subsequent sport(s) in the same school year, must complete Section 7 of this form and must turn in that Section to the Principal, or Principal's designee, of his or her school. The Principal, or the Principal's designee, will then determine whether Section 8 need be completed.

SECTION 1: PERSONAL AND EMERGENCY INFORMATION

PERSONAL INFORMATION

Student's Name _____ Male/Female (circle one)

Date of Student's Birth: ___/___/___ Age of Student on Last Birthday: ___ Grade for Current School Year: ___

Current Physical Address _____

Current Home Phone # () _____ Parent/Guardian Current Cellular Phone # () _____

Parent/Guardian E-mail Address: _____

Fall Sport(s): _____ Winter Sport(s): _____ Spring Sport(s): _____

EMERGENCY INFORMATION

Parent's/Guardian's Name _____ Relationship _____

Address _____ Emergency Contact Telephone # () _____

Secondary Emergency Contact Person's Name _____ Relationship _____

Address _____ Emergency Contact Telephone # () _____

Medical Insurance Carrier _____ Policy Number _____

Address _____ Telephone # () _____

Family Physician's Name _____, MD or DO (circle one)

Address _____ Telephone # () _____

Student's Allergies _____

Student's Health Condition(s) of Which an Emergency Physician or Other Medical Personnel Should be Aware _____

Student's Prescription Medications and conditions of which they are being prescribed _____

SECTION 2: CERTIFICATION OF PARENT/GUARDIAN

The student's parent/guardian must complete all parts of this form.

A. I hereby give my consent for _____ born on _____ who turned _____ on his/her last birthday, a student of _____ School and a resident of the _____ public school district, to participate in Practices, Inter-School Practices, Scrimmages, and/or Contests during the 20____ - 20____ school year in the sport(s) as indicated by my signature(s) following the name of the said sport(s) approved below.

Fall Sports	Signature of Parent or Guardian
Cross Country	
Field Hockey	
Football	
Golf	
Soccer	
Girls' Tennis	
Girls' Volleyball	
Water Polo	
Other	

Winter Sports	Signature of Parent or Guardian
Basketball	
Bowling	
Competitive Spirit Squad	
Girls' Gymnastics	
Rifle	
Swimming and Diving	
Track & Field (Indoor)	
Wrestling	
Other	

Spring Sports	Signature of Parent or Guardian
Baseball	
Boys' Lacrosse	
Girls' Lacrosse	
Softball	
Boys' Tennis	
Track & Field (Outdoor)	
Boys' Volleyball	
Other	

B. Understanding of eligibility rules: I hereby acknowledge that I am familiar with the requirements of PIAA concerning the eligibility of students at PIAA member schools to participate in Inter-School Practices, Scrimmages, and/or Contests involving PIAA member schools. Such requirements, which are posted on the PIAA Web site at www.piaa.org, include, but are not necessarily limited to age, amateur status, school attendance, health, transfer from one school to another, season and out-of-season rules and regulations, semesters of attendance, seasons of sports participation, and academic performance.

Parent's/Guardian's Signature _____ Date ____ / ____ / ____

C. Disclosure of records needed to determine eligibility: To enable PIAA to determine whether the herein named student is eligible to participate in interscholastic athletics involving PIAA member schools, I hereby consent to the release to PIAA of any and all portions of school record files, beginning with the seventh grade, of the herein named student specifically including, without limiting the generality of the foregoing, birth and age records, name and residence address of parent(s) or guardian(s), residence address of the student, health records, academic work completed, grades received, and attendance data.

Parent's/Guardian's Signature _____ Date ____ / ____ / ____

D. Permission to use name, likeness, and athletic information: I consent to PIAA's use of the herein named student's name, likeness, and athletically related information in video broadcasts and re-broadcasts, webcasts and reports of Inter-School Practices, Scrimmages, and/or Contests, promotional literature of the Association, and other materials and releases related to interscholastic athletics.

Parent's/Guardian's Signature _____ Date ____ / ____ / ____

E. Permission to administer emergency medical care: I consent for an emergency medical care provider to administer any emergency medical care deemed advisable to the welfare of the herein named student while the student is practicing for or participating in Inter-School Practices, Scrimmages, and/or Contests. Further, this authorization permits, if reasonable efforts to contact me have been unsuccessful, physicians to hospitalize, secure appropriate consultation, to order injections, anesthesia (local, general, or both) or surgery for the herein named student. I hereby agree to pay for physicians' and/or surgeons' fees, hospital charges, and related expenses for such emergency medical care. I further give permission to the school's athletic administration, coaches and medical staff to consult with the Authorized Medical Professional who executes Section 7 regarding a medical condition or injury to the herein named student.

Parent's/Guardian's Signature _____ Date ____ / ____ / ____

F. Confidentiality: The information on this CIPPE shall be treated as confidential by school personnel. It may be used by the school's athletic administration, coaches and medical staff to determine athletic eligibility, to identify medical conditions and injuries, and to promote safety and injury prevention. In the event of an emergency, the information contained in this CIPPE may be shared with emergency medical personnel. Information about an injury or medical condition will not be shared with the public or media without written consent of the parent(s) or guardian(s).

Parent's/Guardian's Signature _____ Date ____ / ____ / ____

SECTION 3: UNDERSTANDING OF RISK OF CONCUSSION AND TRAUMATIC BRAIN INJURY

What is a concussion?

A concussion is a brain injury that:

- Is caused by a bump, blow, or jolt to the head or body.
- Can change the way a student's brain normally works.
- Can occur during Practices and/or Contests in any sport.
- Can happen even if a student has not lost consciousness.
- Can be serious even if a student has just been "dinged" or "had their bell rung."

All concussions are serious. A concussion can affect a student's ability to do schoolwork and other activities (such as playing video games, working on a computer, studying, driving, or exercising). Most students with a concussion get better, but it is important to give the concussed student's brain time to heal.

What are the symptoms of a concussion?

Concussions cannot be seen; however, in a potentially concussed student, **one or more** of the symptoms listed below may become apparent and/or that the student "doesn't feel right" soon after, a few days after, or even weeks after the injury.

- Headache or "pressure" in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Bothered by light or noise
- Feeling sluggish, hazy, foggy, or groggy
- Difficulty paying attention
- Memory problems
- Confusion

What should students do if they believe that they or someone else may have a concussion?

- **Students feeling any of the symptoms set forth above should immediately tell their Coach and their parents.** Also, if they notice any teammate evidencing such symptoms, they should immediately tell their Coach.
- **The student should be evaluated.** A licensed physician of medicine or osteopathic medicine (MD or DO), sufficiently familiar with current concussion management, should examine the student, determine whether the student has a concussion, and determine when the student is cleared to return to participate in interscholastic athletics.
- **Concussed students should give themselves time to get better.** If a student has sustained a concussion, the student's brain needs time to heal. While a concussed student's brain is still healing, that student is much more likely to have another concussion. Repeat concussions can increase the time it takes for an already concussed student to recover and may cause more damage to that student's brain. Such damage can have long term consequences. It is important that a concussed student rest and not return to play until the student receives permission from an MD or DO, sufficiently familiar with current concussion management, that the student is symptom-free.

How can students prevent a concussion? Every sport is different, but there are steps students can take to protect themselves.

- Use the proper sports equipment, including personal protective equipment. For equipment to properly protect a student, it must be:
 - The right equipment for the sport, position, or activity;
 - Worn correctly and the correct size and fit; and
 - Used every time the student Practices and/or competes.
- Follow the Coach's rules for safety and the rules of the sport.
- Practice good sportsmanship at all times.

If a student believes they may have a concussion: Don't hide it. Report it. Take time to recover.

I hereby acknowledge that I am familiar with the nature and risk of concussion and traumatic brain injury while participating in interscholastic athletics, including the risks associated with continuing to compete after a concussion or traumatic brain injury.

Student's Signature _____ Date ____/____/____

I hereby acknowledge that I am familiar with the nature and risk of concussion and traumatic brain injury while participating in interscholastic athletics, including the risks associated with continuing to compete after a concussion or traumatic brain injury.

Parent's/Guardian's Signature _____ Date ____/____/____

SECTION 4: UNDERSTANDING OF SUDDEN CARDIAC ARREST SYMPTOMS AND WARNING SIGNS

What is sudden cardiac arrest?

Sudden cardiac arrest (SCA) occurs when the heart suddenly and unexpectedly stops beating. When this happens blood stops flowing to the brain and other vital organs. SCA is NOT a heart attack. A heart attack may cause SCA, but they are not the same. A heart attack is caused by a blockage that stops the flow of blood to the heart. SCA is a malfunction in the heart's electrical system, causing the heart to suddenly stop beating.

How common is sudden cardiac arrest in the United States?

There are about 350,000 cardiac arrests that occur outside of hospitals each year. More than 10,000 individuals under the age of 25 die of SCA each year. SCA is the number one killer of student athletes and the leading cause of death on school campuses.

Are there warning signs?

Although SCA happens unexpectedly, some people may have signs or symptoms, such as

- Dizziness or lightheadedness when exercising;
- Fainting or passing out during or after exercising;
- Shortness of breath or difficulty breathing with exercise, that is not asthma related;
- Racing, skipped beats or fluttering heartbeat (palpitations)
- Fatigue (extreme or recent onset of tiredness)
- Weakness;
- Chest pains/pressure or tightness during or after exercise.

These symptoms can be unclear and confusing in athletes. Some may ignore the signs or think they are normal results off physical exhaustion. If the conditions that cause SCA are diagnosed and treated before a life-threatening event, sudden cardiac death can be prevented in many young athletes.

What are the risks of practicing or playing after experiencing these symptoms?

There are significant risks associated with continuing to practice or play after experiencing these symptoms. The symptoms might mean something is wrong and the athlete should be checked before returning to play. When the heart stops due to cardiac arrest, so does the blood that flows to the brain and other vital organs. Death or permanent brain damage can occur in just a few minutes. Most people who experience a SCA die from it; survival rates are below 10%.

Act 73 – Peyton's Law - Electrocardiogram testing for student athletes

The Act is intended to help keep student-athletes safe while practicing or playing by providing education about SCA and by requiring notification to parents that you can request, at your expense, an electrocardiogram (EKG or ECG) as part of the physical examination to help uncover hidden heart issues that can lead to SCA.

Why do heart conditions that put youth at risk go undetected?

- Up to 90 percent of underlying heart issues are missed when using only the history and physical exam;
- Most heart conditions that can lead to SCA are not detectable by listening to the heart with a stethoscope during a routine physical; and
- Often, youth don't report or recognize symptoms of a potential heart condition.

What is an electrocardiogram (EKG or ECG)?

An ECG/EKG is a quick, painless and noninvasive test that measures and records a moment in time of the heart's electrical activity. Small electrode patches are attached to the skin of your chest, arms and legs by a technician. An ECG/EKG provides information about the structure, function, rate and rhythm of the heart.

Why add an ECG/EKG to the physical examination?

Adding an ECG/EKG to the history and physical exam can suggest further testing or help identify up to two-thirds of heart conditions that can lead to SCA. An ECG/EKG can be ordered by your physician for screening for cardiovascular disease or for a variety of symptoms such as chest pain, palpitations, dizziness, fainting, or family history of heart disease.

- ECG/EKG screenings should be considered every 1-2 years because young hearts grow and change.
- ECG/EKG screenings may increase sensitivity for detection of undiagnosed cardiac disease but may not prevent SCA.
- ECG/EKG screenings with abnormal findings should be evaluated by trained physicians.
- If the ECG/EKG screening has abnormal findings, additional testing may need to be done (with associated cost and risk) before a diagnosis can be made, and may prevent the student from participating in sports for a short period of time until the testing is completed and more specific recommendations can be made.
- The ECG/EKG can have false positive findings, suggesting an abnormality that does not really exist (false positive findings occur less when ECG/EKGs are read by a medical practitioner proficient in ECG/EKG interpretation of children, adolescents and young athletes).
- ECGs/EKGs result in fewer false positives than simply using the current history and physical exam.

The American College of Cardiology/American Heart Association guidelines do not recommend an ECG or EKG in asymptomatic patients but do support local programs in which ECG or EKG can be applied with high-quality resources.

Removal from play/return to play

Any student-athlete who has signs or symptoms of SCA must be removed from play (which includes all athletic activity). The symptoms can happen before, during, or after activity.

Before returning to play, the athlete must be evaluated and cleared. Clearance to return to play must be in writing. The evaluation must be performed by a licensed physician, certified registered nurse practitioner, or cardiologist (heart doctor). The licensed physician or certified registered nurse practitioner may consult any other licensed or certified medical professionals.

I have reviewed this form and understand the symptoms and warning signs of SCA. I have also read the information about the electrocardiogram testing and how it may help to detect hidden heart issues.

SECTION 5: HEALTH HISTORY

Explain "Yes" answers at the bottom of this form.
Circle questions you don't know the answers to.

<p>1. Has a doctor ever denied or restricted your participation in sport(s) for any reason? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>2. Do you have an ongoing medical condition (like asthma or diabetes)? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>3. Are you currently taking any prescription or nonprescription (over-the-counter) medicines or pills? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>4. Do you have allergies to medicines, pollens, foods, or stinging insects? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>5. Have you ever passed out or nearly passed out DURING exercise? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>6. Have you ever passed out or nearly passed out AFTER exercise? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>7. Have you ever had discomfort, pain, or pressure in your chest during exercise? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>8. Does your heart race or skip beats during exercise? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>9. Has a doctor ever told you that you have (check all that apply):</p> <p><input type="checkbox"/> High blood pressure <input type="checkbox"/> Heart murmur</p> <p><input type="checkbox"/> High cholesterol <input type="checkbox"/> Heart infection</p> <p>10. Has a doctor ever ordered a test for your heart? (for example ECG, echocardiogram) <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>11. Has anyone in your family died for no apparent reason? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>12. Does anyone in your family have a heart problem? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>13. Has any family member or relative been disabled from heart disease or died of heart problems or sudden death before age 50? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>14. Does anyone in your family have Marfan Syndrome? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>15. Have you ever spent the night in a hospital? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>16. Have you ever had surgery? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <div style="border: 1px solid black; padding: 5px;"> <p>17. Have you ever had an injury, like a sprain, muscle, or ligament tear, or tendonitis, which caused you to miss a Practice or Contest? If yes, circle affected area below:</p> <p>18. Have you had any broken or fractured bones or dislocated joints? If yes, circle below:</p> <p>19. Have you had a bone or joint injury that required x-rays, MRI, CT, surgery, injections, rehabilitation, physical therapy, a brace, a cast, or crutches? If yes, circle below:</p> </div> <table border="0" style="width: 100%; font-size: small;"> <tr> <td style="width: 10%;">Head</td> <td style="width: 10%;">Neck</td> <td style="width: 10%;">Shoulder</td> <td style="width: 10%;">Upper arm</td> <td style="width: 10%;">Elbow</td> <td style="width: 10%;">Forearm</td> <td style="width: 10%;">Hand/ Fingers</td> <td style="width: 10%;">Chest</td> </tr> <tr> <td>Upper back</td> <td>Lower back</td> <td>Hip</td> <td>Thigh</td> <td>Knee</td> <td>Calf/shin</td> <td>Ankle</td> <td>Foot/ Toes</td> </tr> </table> <p>20. Have you ever had a stress fracture? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>21. Have you been told that you have or have you had an x-ray for atlantoaxial (neck) instability? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>22. Do you regularly use a brace or assistive device? <input type="checkbox"/> Yes <input type="checkbox"/> No</p>	Head	Neck	Shoulder	Upper arm	Elbow	Forearm	Hand/ Fingers	Chest	Upper back	Lower back	Hip	Thigh	Knee	Calf/shin	Ankle	Foot/ Toes	<p>23. Has a doctor ever told you that you have asthma or allergies? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>24. Do you cough, wheeze, or have difficulty breathing DURING or AFTER exercise? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>25. Is there anyone in your family who has asthma? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>26. Have you ever used an inhaler or taken asthma medicine? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>27. Were you born without or are you missing a kidney, an eye, a testicle, or any other organ? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>28. Have you had infectious mononucleosis (mono) within the last month? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>29. Do you have any rashes, pressure sores, or other skin problems? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>30. Have you ever had a herpes skin infection? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <div style="border: 1px solid black; padding: 5px;"> <p>CONCUSSION OR TRAUMATIC BRAIN INJURY</p> <p>31. Have you ever had a concussion (i.e. bell rung, ding, head rush) or traumatic brain injury? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>32. Have you been hit in the head and been confused or lost your memory? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>33. Do you experience dizziness and/or headaches with exercise? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> </div> <p>34.
