ONE WEEK UNTIL TRYOUTS

by Chad Rutkowski, Head Coach

It is simply hard to believe that we are already through the entire month of January and steamrolling our way toward the inaugural boy's volleyball season.

The beginning part of this season has been simply wonderful thus far. Our athletes are certainly committed to the sport of volleyball and we could not be more excited for the start of the season - we hope that you are excited too. With each passing day, we inch closer to our favorite day of the year - Tryouts. We continue to be very optimistic about the success of this squad.

With February comes a litany of events for our athletes approaching February 19th Tryouts

- Mandatory Pre-season Parents Meeting
- Spirit Wear Order Forms
- Schedule
- Summer Slam Tournament at Premier Academy

All of these happenings will be outlined throughout this month's newsletter as it is a lot to uncover. We look forward to this journey with all of you and hope you have amazing long weekend ahead.

For all athletes:

- *Starting Tuesday, January 9, 2024* - Every Tuesday and Thursday from 6:00 A.M. to 7:00 A.M. Northview Boys Volleyball will be having Optional Weight Lifting in the Fitness Center at Northview High School. These are optional, but highly recommended as strength training will provide us that additional edge in our skillset. Athletes should prioritize attending at least once per week, if not twice. This will be a combo lift integrating the boys and girls programs.

PRE-SEASON ATHLETES & PARENTS MEETING

We will officially kick off the inaugural season of Northview Boys Volleyball on **Wednesday, February 21, 2024 at 6:00 P.M. in the Northview High School Performing Arts Center.** This meeting will last about 45 to 60 minutes. Please feel free to share this information with anybody who might be interested in playing volleyball in 2024 at Northview.

A friendly reminder, all athletes need to complete this form - **[Athlete and Parents Information sheet that can be accessed online by clicking here.](#)**

FINAL FORMS

This year, as in years past and with every other sport, Sylvania Schools will utilize Final Forms to collect and record necessary and required information for each athlete in order to participate in their respective sport. If you have not already signed up for a FinalForms account, please visit www.sylvania-oh.finalforms.com and create an account. This must be done before your son can participate in any volleyball events (weight training practice, etc.). If you already have an existing account, please sign in and make sure that all information is up-to-date and applicable for the 2024 season and that you elect “boys volleyball” as a spring sport.

PHYSICALS

As a reminder, all athletes need an OHSA Pre-Participation Physical Exam form filled out and returned prior to participation. You will not be able to participate in my volleyball happenings until a physical has been turned in the coaching staff (this includes, but is not limited to – open gyms, summer practices, conditioning, tryouts, leagues, etc.). **[Click here to access this year's Physical Form.](#)**

GROUPME FOR COMMUNICATION

Each one of our prospecting athletes will be added to the Northview Boys Volleyball group chat on the app "GroupMe". Please help to make sure that your son has access to this team chat and is an active participant as all of our communication on a day-to-day basis will be communicated to them directly. We do send a lot of communication to our athletes directly through GroupMe and hope that your athlete shares any important information with you directly.

Parents, you can expect communication from coaches via E-mail and through these monthly Chalk Talk Newsletters.

WEBSITE CONTENT

For the past couple of years, the Girls Volleyball program has worked tremendously hard to maximize our resources and conserve the amount of waste that we have within our program and we will bring the same amount of effort to the boys program. With that, we have digitized most of our materials and will share almost everything digitally with very little being sent in print form. This is always a chance for us to create some creative and innovative content which is exciting for the program.

We appreciate the support of going digital with most of our materials and hope that you will find them helpful and user friendly.
