

# ***Your Official*** Orthopaedic & Sports Medicine Team

Our Orthopaedic & Sports Medicine team at Atrium Health Wake Forest Baptist is here for Grimsley High School student-athletes and their families. You will find our dedicated athletic trainer on the sidelines for practices and games and in the athletic training room to help prevent, evaluate, treat, and rehabilitate any sports injury. Additionally, together with our expert Sports Medicine Team, our athletic trainer will provide care for any athletic related illnesses, concussions, emergency care, nutrition, and general health and wellness. If an injury does occur, our athletic trainer will work closely with your family, team doctors, and coaches to get you pain free and back in the game. Our orthopaedic and sports medicine clinics are nearby and we offer same and next-day appointments for Grimsley student-athletes.
