

# 2022-23 ATHLETIC REGISTRATION

If you have an athlete that is planning on playing a fall sport this school year, you **MUST** have them registered on [planeths.com](https://planeths.com). Registration should be completed by the first day of practice. All registration must include a physical dated after April 15, 2022. For returning athletes, they must complete the renewal. For new athletes the registration process includes creating an account for both the athlete and the parent(s). These two accounts will then be linked. The student will use their school email, and the password, bigteams. Parents will need to create a new parent account. Once both accounts have been created they must be linked.

High School Fall practices will begin on August 8, 2022. Once again, if the student has not been registered, they will be unable to participate in practice.

Middle School Fall practice will begin on August 29, 2022.
