Youth Programs:

We value our youth programs and their continued support for all of our athletic programs. Youth programs will be permitted to have a youth night at a sport specific event (i.e. youth football at Varsity Football game). These events will permit athletes of those teams to receive a discounted admission price and must be arranged with the Athletic Director at least 3 months in advance. Discounted ticket prices will be determined by the Athletic Director and will ONLY apply to the athlete.
