LETTERING REQUIREMENTS:

PHILOSOPHY STATEMENT
An orchestra letter should be a source of pride to the lettering student. The letter represents the tremendous effort, time, and dedication a student invests in the LHS orchestra. A letter should reward the student for the efforts spent in the ensemble that are not graded in the classroom. The key element in any lettering program is that a student must spend extra time and effort to earn a letter. A letter that is granted merely for participating in the class lessens the value and meaning of the letter to all who receive the award.

2. Students must maintain an A average in orchestra each semester.

POLICY
Students who successfully document and receive 150 points will receive a letter. Points roll over from year to year, so the points you earn your freshman year will count toward a letter your sophomore year if you do not letter as a freshman. Each additional 150 points after receiving a letter will earn a pin.
