## Attendance Waiver

Athletes at Mount Greylock Regional High School are expected to be active participants in the classroom and during the entire school day. Students should arrive to school on-time and should remain in school for all seven of their academic periods. In order to participate in an athletic practice or contest, students must be in school for at least five **consecutive** class periods. When scheduling appointments, students and their parents should try to choose times early in the day or after your five periods have been completed. However, as that is not always possible, students can apply for a waiver to allow after school participation. To do so, please complete this application form and turn it in to Ms. von Holtz at least 24 hours prior to your requested day.
