

This Document is meant to help coaches with some other coaching responsibilities. The school pays for all coaches to be members of their sports' coaches association, so I expect you to become a member. Along with being a member, there are student recognition opportunities you can nominate your athletes for, I expect you to do this if they are good candidates for the award/scholarship.

The 1st entry is a general association membership for any coach, and most individual coaches associations already include the MHSCA in their membership, and then each sport is listed by Season.

Michigan High School Coaches Association ([MHSCA](#))

- I. Membership form - click [here](#)
