The novel coronavirus known as COVID-19 (and its variants) is extremely contagious and as a result, federal, state, and local governments and federal and state health agencies recommend social distancing. They have, in many locations, prohibited or limited the congregation of groups of people. The health and well-being of our camp players and all high school staff along with camp staff remain our top priority.

To minimize the risk of COVID-19 (or any of its variants) entering our camp environment and spreading amongst the camp environment community, we are recommending only camp staff assigned to work at the camp and camp players scheduled to participate be at the facility where the Camp is held. Anyone (parents, partners, family members, guardians, etc.) waiting for a camp player and wishing to remain on-site can use common outdoor areas or the parking lot to wait for their camp player(s). Camp players waiting to attend a session will need to wait outside while maintaining social distance from others.

Furthermore, we are recommending the following participation terms to all participants in Volleyball1on1 Summer Camps:

- Frequently wash your hands. Wash your hands with soap and water for at least 20 seconds.
- If soap and water are not readily available, use a hand sanitizer that contains at least 60% alcohol. Apply sanitizer to entire hands (back and front) and rub your hands together until they feel dry.
- Avoid touching your eyes, nose, and mouth.
- Avoid close contact with others.
- Cover coughs and sneezes.
- Wear a mask.
