

Baseball I-Fund

Investing In Our Program's
Future....Begins Today

2018 I-FUND Campaign

Today's Indian student-athletes
will be tomorrow's.....

.....business leaders,
healthcare providers,
educators, tech leaders,
coaches.....

We are committed to
compete at the highest
levels attainable.

More importantly, we are
committed to preparing our
players to be stewards of
the game and to impact
their communities long
after athletic careers have
concluded.

For Pontiac Baseball, this Campaign is about
attaining, then sustaining, a long-term standard of
excellence.

It's about using athletics to advance the interests of our
schools and communities.

It's about making our schools and communities better,
more enjoyable places to attend and live.

It's about changing the way we do business.

It's about changing the way we compete.

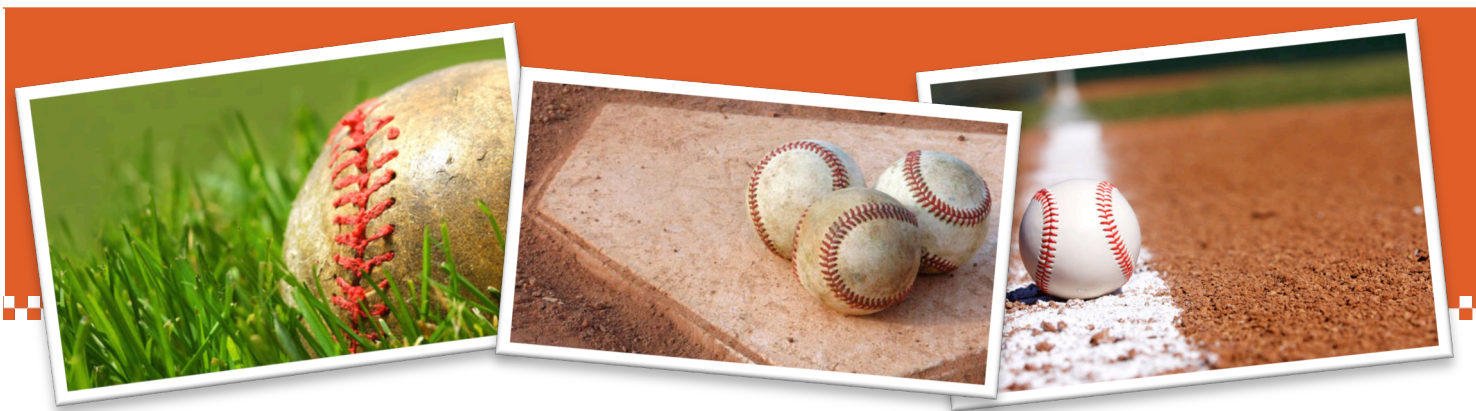

It's about moving forward.

It's about re-lighting a fire in the hearts of our alumni.

It's about buying in.

Inspiration and Investment are significant to developing a
sustainable, successful athletic program. We will do our best
to Inspire. We need you to Invest. There is an opportunity
for every former Indian across the country to participate,
regardless of level of giving, and to once again be #allin.

Efforts To Elevate Our Program Will Be Impressive & Extensive

We are committed to providing our student-athletes with the resources needed to realize their full potential as students, athletes & citizens and for our program to exceed all expectations.

Capital Projects & Facility Needs

- Our facilities must demonstrate a commitment to building, supporting & sustaining a winning athletic program – our needs & wants include.....
- Re-Development & completion of our facility bullpens
- Windscreen for Varsity field
- Batters-Eye replacement
- BP Hitting Dome
- Indoor Practice Facility

Student-Athlete Services

- Spring meeting with NCAA Athletic Director in regards to NCAA requirements

State-of-the-Art Equipment

- Through our partnership with Rawlings, none of our teams or players will be without the opportunity to utilize the most up-to-date resources & equipment in the game today

Community Service & Outreach

- Partnership with the Livingston County Humane Society
- Continued outreach to community-based & feeder-school baseball programs
- Funding co-operative efforts to meet program goals

Social Media Outreach

- Follow our efforts on our program Facebook page at www.facebook.com/pontiacindiansbaseball

Our Campaign For Indian Excellence Begins Today

This “Campaign” for Indians Baseball will bring together all of the stakeholders of the Indian baseball community as we work together to achieve sustained success in the new Illini-Prairie Conference and across central Illinois.

Join us in our efforts to unify our baseball alumni & greater baseball

community, as we share the common goal of developing our student-athletes into champions in academics, athletics and life.

Finally....help us create the program that will provide the model that others will emulate for years to come.

#allin
