

BRONSON SPORTS MEDICINE

ATHLETIC TRAINER SERVICES

AT PORTAGE CENTRAL HIGH SCHOOL

Bronson sports medicine experts are here for you.

Working with Western Michigan University's Master's of Science in Athletic Training program, Bronson is proud to provide a full-time graduate assistant certified athletic trainer (GA AT) and sports medicine services to students at 14 area schools, including Portage Central High School.

Athletic Training

Your athletic trainer is supervised by a Bronson, licensed and certified athletic trainer and a Bronson HealthCare Midwest Sports Medicine physician. The athletic trainer's top priority is to evaluate each student's sports-related injury and make recommendations, as well as maintain a safe environment for all athletes. They also provide education and prevention tips.

Portage Central High School Sports Medicine Team

Ken P. Highhouse, MD
Supervising Physician

Karen Burrows
Athletic Trainer

Play safe and Go Mustangs!

Did you know?

Physical fitness and sports can sometimes lead to injuries. Our goal is to help parents, coaches and athletes learn about prevention, treatment and overuse injuries, while providing a safer environment for all athletes.
