HAZING POLICY

“Ridgewood High School requires the mutual respect of all students, staff and visitors. To this end, Ridgewood High School has a strict policy against harassment, hazing or team initiations of any kind. Any coercive interactions among students, especially when such interactions make even one student uncomfortable, is considered hazing and will be dealt with severely. In particular, initiations--e.g. requiring students to wear odd and distracting clothing--are considered hazing. No harassment, hazing or initiation will be tolerated, either on or off campus.”
