Thomas R. Moll, II
Director of Athletics &
Student Activities
mollt@cattysd.org

Dear Parents/Guardian,

On March 8, 1982, the Catasauqua Area School District Board of Directors adopted a resolution that requires a candidate for an athletic team to present evidence of immunization against Tetanus (lockjaw), within the last ten years, before he or she will be permitted to participate in the school athletic program.

Please have your family doctor complete the statement below and return it to the Catasauqua High School Athletic Department.

Sincerely,

Thomas R. Moll, II
Director of Student Activities
