

2023 Summer Sports Camp Overview

Overview- Many of the SV high school teams offer camps at the end of the school year or during the summer months. The purpose of these camps is to foster a love of the sport among younger student-athletes, teach basic fundamentals, provide physical fitness opportunities and allow campers to have a fun experience. These camps are organized and overseen by the head coaches of the respective sports with help from assistant coaches and high school players.

For information about each camp, please contact the head coach listed. To register for a camp, please download the individual camp registration form available on the school district website.
