Dear Parent/Guardian,

Your child's Medical Alert Form of health history indicates a diagnosis of asthma or use of asthma medications in the past. If your child may need to use an inhaler during school hours or for after school athletics, appropriate documentation must be completed by both you and your child's healthcare provider. I have enclosed the required form for your convenience.

This form consists of two parts:

- 1) Physician approval for student to self-administer medication (if applicable) and
- 2) Parent authorization to give:
 - Permission for the student to receive asthma medication at school
 - Permission for the student to carry his/her own inhaler

Follow the directions outlined on the second page of the Asthma Treatment Plan titled Parent Instructions and ensure it is completed in its entirety. Pay special attention to the box on the lower left corner labeled "Permission to Self-Administer Medication." This box must be checked by your child's provider if you would like your child to carry and self-administer his/her own inhaler. Your signature if required on both sides of this form. Without proper signatures by you and the healthcare provider, your child will not be permitted to use his/her inhaler in school.

Please be aware that the Athletic Trainer does not have legal permission to administer any medications. Additionally, a school nurse is not present during after school hours. If your child may need his/her inhaler when the nurse is not present, we must have the completed forms giving your child written permission for self-administration of the inhaler.

If your child does not use an inhaler or any other asthma medication, please sign and return the Asthma Medication Denial Form on the last page.

The completed forms can be faxed to 856-767-5411 or brought directly to the school. For any questions or concerns, call the Nurse's office at 856-767-7400

Thank you,

School Nurse

Asthma Treatment Plan – Student Parent Instructions

The **PACNJ Asthma Treatment Plan** is designed to help everyone understand the steps necessary for the individual student to achieve the goal of controlled asthma.

- 1. Parents/Guardians:** *Before taking this form to your Health Care Provider*, complete the top left section with:
 - Child's name
 - Child's doctor's name & phone number
 - Parent/Guardian's name & phone number
 - Child's date of birth
 - An Emergency Contact person's name & phone number
- 2. Your Health Care Provider will** complete the following areas:
 - The effective date of this plan
 - The medicine information for the Healthy, Caution and Emergency sections
 - Your Health Care Provider will check the box next to the medication and check how much and how often to take it
 - Your Health Care Provider may check **"OTHER"** and:
 - ❖ Write in asthma medications not listed on the form
 - ❖ Write in additional medications that will control your asthma
 - ❖ Write in generic medications in place of the name brand on the form
 - Together you and your Health Care Provider will decide what asthma treatment is best for your child to follow
- 3. Parents/Guardians & Health Care Providers together** will discuss and then complete the following areas:
 - Child's peak flow range in the Healthy, Caution and Emergency sections on the left side of the form
 - Child's asthma triggers on the right side of the form
 - Permission to Self-administer Medication section at the bottom of the form: Discuss your child's ability to self-administer the inhaled medications, check the appropriate box, and then both you and your Health Care Provider must sign and date the form
- 4. Parents/Guardians:** *After completing the form with your Health Care Provider:*
 - Make copies of the Asthma Treatment Plan and give the signed original to your child's school nurse or child care provider
 - Keep a copy easily available at home to help manage your child's asthma
 - Give copies of the Asthma Treatment Plan to everyone who provides care for your child, for example: babysitters, before/after school program staff, coaches, scout leaders

PARENT AUTHORIZATION

I hereby give permission for my child to receive medication at school as prescribed in the Asthma Treatment Plan. Medication must be provided in its original prescription container properly labeled by a pharmacist or physician. I also give permission for the release and exchange of information between the school nurse and my child's health care provider concerning my child's health and medications. In addition, I understand that this information will be shared with school staff on a need to know basis.
