

****This is a trial****

For those who use web calendars, like a Google Calendar, or one similar on your phone, you can use the following URLs to add the Hockey Schedules. These will automatically update when changes occur (sometimes not right away, please do not rely on it for day-of changes). Just copy & paste! *Please note that all times are 2hrs, this may not always be the case but I can only set it by hour.*

For both Games & Practices:
