SUPPORTING ALL HIGH SCHOOL SPORTS

MEMBERSHIP COMMITTEE

Welcome to Nauset Regional High School

Participation in interscholastic competition encourages athletes to enrich their education and expand their horizons. Leadership and citizenship experiences encountered while participating in athletics help to prepare student athletes for a useful and wholesome future. We are extremely proud of our athletes and the level of dedication they assume to be a member of our teams. We also salute our coaches who work diligently to provide quality programs for our students while at the same time maintaining the highest level of sportsmanship. We would also like to thank the parents of our athletes for their support of Nauset Regional High School and the efforts of their sons and daughters. Parental support is key to our success and that of our athletes.

We are extremely grateful to the members of the Nauset Warriors Booster Club who work tirelessly throughout the year to enhance the athletic experience of our student athletes.

Enjoy your time at Nauset and thank you for your support of Nauset Athletics.

Keith Kenyon

Athletic Director

Tom Conrad

Principal

SUPPORTING ALL HIGH SCHOOL SPORTS

The Nauset Warriors Booster Club “Supporting ALL High School Sports” was founded and organized on the belief that participation in athletics should be included in the educational experiences offered to all students attending Nauset Regional High School through the interscholastic athletic program in which opportunities are provided for students with athletic interests and ability to fully develop and utilize their talent through organized competition with students of similar ability from other schools.

Into our second year we are looking to build on our successes from last year and provide a greater level of support to our student athletes. Monthly meetings are held on the first Monday of each month, check nausetsports.org for details, or look for us on FaceBook. If you have any questions, wish to help or become a member, please contact any of the members listed below or Kevin Lowey, President at (508) 737-5772 or email him at: nowkev-wow@hotmail.com.

We look forward to seeing you.

Membership Committee

Dear Nauset Parent:

It's hard to imagine that a whole year has gone by since the founding of the Nauset Warriors Booster Club. In that short amount of time we accomplished the following:

1. Raised over \$100,000 to support the needs of ALL Teams,
2. Contributed 35% of the cost of ALL Unfunded Teams,
3. Covered 100% of the cost for needy Students to participate in Unfunded Teams,
4. Established 2 Four-Year Scholarships for Nauset Scholar/Athletes,
5. Funded each of the 3 Seasonal Athlete Award Nights,
6. Helped fund the Senior Award Dinner,
7. Produced Seasonal Sports Books showcasing each Nauset Team.

We believe that every family attending Nauset should help support our Athletic Program. You can help us by purchasing a Booster Club Membership; all monies raised go towards supporting our Teams. This year we have 3 membership levels for you to consider:

- A. Basic Membership - \$25 annual cost
- B. Black Membership - \$40 annual cost
- C. Gold Membership - \$75 annual cost

By purchasing a Membership in any of the levels you will receive the custom designed Black and Yellow NAUSET STRONG wristband; signifying the strength of our School and how we handle adversity. This band will be worn with pride by ALL Students and Parents wanting to show support for Nauset Regional High School.

Families purchasing a Black Membership will receive a unique Members Nauset Savings Card, a \$5.00 savings.

Families purchasing a Gold Membership will receive a unique Gold Nauset Savings Card which will allow the cardholder FREE admission to any Nauset Athletic Event held at the High School.

To become a member, please tear off the bottom portion of this letter and send it with your check payable to Nauset Warriors Booster Club at the address below. Wristbands and Cards will be delivered on a timely basis. Thanks in advance for your participation.

Michele Pavlu

Athletic Trainer

Michele comes to Nauset from Londonderry, NH, having attended Northeastern University to earn a Bachelor of Science degree in Athletic Training, she interned at BU for Men's Ice Hockey, interned at Bentley College and Londonderry High School for Football.

Back in the 2002 – 2003 school year, there was no Athletic Training Program, there had never been an Athletic Trainer. Before the start of the 2003 – 2004 school year Tom Conrad made two fateful decisions: First, not having a full-time Athletic Trainer was not the best way to safeguard Nauset's most valuable asset, its students; Second, Michele Boschetto was the most qualified person to take the lead in moving Nauset towards a well balanced program. August 2003 saw Michele enter Nauset and start on the road to developing an Athletic Training Program. Working with the Athletic Director, Team Coaches and Tom Conrad she wrote protocols, established treatment plans, and identified the ingredients of a "paper trail" that would be needed to monitor the progress of the new program.

Overcoming the challenge of creating and implementing a new program Michele established an Athletic Training and Education Program for Nauset students. In the last 4 years over 50 students have chosen to participate in the Program; 7 of these students have already enrolled as Athletic Training majors in college, and many others have been moved to study Health Science because of their participation in the Program. From a student's perspective, choosing to follow in the footsteps of an admired teacher is probably the highest compliment they can pay as the following shows ... "Michele has led me to choose my profession as an Athletic Trainer." All of her efforts are not lost on Tom Conrad, he said ... "Michele has a fantastic commitment and has taken our program from nothing to one of the best programs in the state; she is a leader in the field of concussion treatment and impact testing. Michele never says no to more work and is available all of the time, including weekends."

It isn't often that a parent views themselves as being comforted by a teacher, but Michele definitely falls into that category. All parents fantasize about the sports accomplishments of their children, they have brought forward the next Derek Jeter, Tom Brady, Dara Torres, etc., but this is always tempered by a concern for their health and well being. Everyone can reasonably be assured that the baseline ImPACT testing implemented by Michele and her involvement in the recovery process for injured athletes will result in a much safer environment for everyone; injuries cannot always be avoided, but taking proper care of scholar/athletes ensures that there will be a positive outcome. "She always knows what to do and always has gotten me back on my feet!"

The best way to close this tribute is by citing a Nauset Athlete "Michele has always given so much dedication to our sports teams and has supported us year after year. She's there to see our victories, support us through our losses, and even more importantly, heal our bodies when we fall."
